The reference number for your donation is: D010054

N.B. If you were kind enough to tick the Gift Aid checkbox when making your online donation, we would like to thank you for agreeing that each and every one of your gifts should be treated as a Gift Aid donation. By enabling us to claim the tax back on gifts made to Cancer Research UK for the past six years, this is worth at least 25% more to us at no extra cost to you. There are a few important points regarding your Gift Aid donations that you should know:

- You must have paid an amount of income tax (and/or capital gains tax) at least equal to the value of the basic rate tax we will claim on your behalf in any given tax year.
  - You may withdraw your permission for us to claim the tax paid on your donations. A cancellation only affects donations received from that date.
  - Please notify us if you change your name or address.
  - If in the future your circumstances change and you no longer pay tax on your income and capital gains equal to the tax that the charity reclaims, you can cancel your declaration.
  - If you pay tax at the higher rate you can claim further tax relief in your Self Assessment tax return.
  - If you are unsure whether your donations qualify for Gift Aid tax relief please contact us or ask your local tax office for leaflet IR65.
